

GRADE 8 STUDY GUIDE

OUTLINE OF EXAMS

Your math examination will occur in two parts. The first part will be a situational problem (C1) during the assessment week between May 27th and May 31st. The second part will be a 2.5-hour long formal assessment of your mathematical reasoning (C2) will be on Tuesday, June 4 from 9:00-11:30.

For both evaluations, you will be required to bring a pencil, an eraser, a ruler and a scientific calculator. Sharing equipment is not permitted.

You are entitled to a one-page memory aid for both evaluations. You may use both sides of an 8.5" x 11" sheet of paper, but you must write by hand.

GUIDELINES FOR STUDYING

You will receive a package consisting of blank copies of every unit test that you have written. Re-writing these tests will be a good way of preparing for your final evaluations.

You should be reviewing any notes posted in the conference on First Class as well as consulting the material available to you on Math Help Services.

emergency medicine Endorsed by the American College of Emergency Physicians The 8th edition of Tintinalli's Emergency
Medicine provides the depth and breadth of coverage that reflects the complexity and expertise needed to practice
emergency medicine successfully in today's fast paced environments It is an important contemporary clinical emergency care
resource for physicians NPs and PAs who practice emergency medicine and for emergency medicine and pediatric
emergency medicine fellows It remains the preferred study guide for in training and board examinations and recertification
NEW to this edition Full color design with more tables than ever to succinctly present key information Extensive updates to
