

APA DOCUMENTATION STYLE

APA Documentation Style is a method for listing the sources you use so that your readers can identify and find those sources. It is commonly used in the social sciences, for example, business, history, psychology and sociology. The examples below can be templates for your own citations.

CITING SOURCES IN THE BODY OF YOUR PAPER

Cite entire works within your paper with parenthetical author-date references (Foster, 2003), but if you are using direct quotations with quotation marks then use author-date-page number references (Foster, 2003, p. 311). These citations will correspond to sources listed alphabetically by author at the end of your paper in a *References* section. Sources without an author are listed by their title.
