Historic Roads:

Historic Highway Bridge Preservation Practices William P. Chamberlin, 1999 This synthesis report will be of interest to state highway design engineers and structural engineers as well as environmental and historic preservation personnel in transportation agencies It will also be of interest to state historic preservation offices federal historic preservation agencies and engineering preservation consultants Avant propos

National Scenic and Historic Trails United States. Congress. Senate. Committee on Interior and Insular Affairs. Subcommittee on Parks and Recreation, 1976

The Old Roads of Derbyshire Stephen Bailey, 2019-04-16 Derbyshire has a wealth of old roads lanes tracks hollow ways and paths some dating back thousands of years It is a network which links a fascinating variety of sometimes enigmatic monuments from fortified hilltops and stone circles to ruined abbeys and hermitages ancient churches and tumuli The Old Roads of Derbyshire traces the development of these roads from prehistoric ridgeways Roman streets and medieval pilgrimage routes to the growth of the turnpikes and finally to leisure use by cyclists and hikers Travellers of all kinds are included jagers with their packhorse trains pilgrims drovers pedlars and tramps and passengers in stage coaches and wagons as well as the essential infrastructure of bridges and inns The Derbyshire Portway is explored as an example of an ancient route which was old before the Romans arrived but was used well into the eighteenth century and one that can still be followed today A detailed walking guide fully illustrated with maps and photos is provided for the sixty plus miles of its route from the River Trent near Nottingham to deep into the Dark Peak

Old Roads and New Roads William Bodham Donne, 2012 This book is part of the TREDITION CLASSICS series The creators of this series are united by passion for literature and driven by the intention of making all public domain books available in printed format again worldwide At tredition we believe that a great book never goes out of style Several mostly non profit literature projects provide content to tredition To support their good work tredition donates a portion of the proceeds from each sold copy As a reader of a TREDITION CLASSICS book you support our mission to save many of the amazing works of world literature from oblivion

Cycling & Walking for Regional Development Paolo Pileri, Rossella Moscarelli, 2020-08-28 This book investigates why and how cycle and walking paths can help to promote the regeneration of marginalized areas facing depopulation and economic decline In addition it offers a broad overview of recent scientific research into slow tourism and marginality spatial inequality and explores the linkages between these topics Key issues are addressed by experts from various disciplinary backgrounds and potential measures are proposed for the integration of slow tourism into strategies for regional development Particular attention is devoted to the VENTO project which involves the creation of a 700 km long cycle route from Venice to Turin that passes through various rural and marginalized areas of northern Italy The goal research process design and early lessons from this important project are all discussed in detail Moreover the book describes policies and

strategies that have successfully been used to enhance the slow tourism infrastructure in other European countries Given its scope the book will appeal to researchers professionals and students interested in e g policymaking tourism planning regional development and landscape and urban planning Old Roads and New Roads.
