

DBQ Theme: Native Texan Cultures & The Environment

Teacher Notes:

This activity is designed to be flexible and may require different levels of support. Feel free to adjust based on your students' reading and writing skills. Modeling, group work, and discussion are all encouraged to help students succeed.

Historical Context:

Long before European explorers arrived, many Native American groups lived in the land we now call Texas. Each group had to figure out how to survive in the environment around them. Some lived in dry deserts, while others lived in forests or near rivers. These groups developed unique ways of getting food, building shelter, and organizing their communities based on where they lived.

No matter what the environment was like, harsh or mild, Native Texans adapted their way of life to survive and thrive.
