Hennie Smit

2015 South African Army:

Handbook of the Sociology of the Military Giuseppe Caforio, Marina Nuciari, 2018-05-19 This new edition of the volume is presented on the wave of the success which had its first edition 2003 It is entirely updated to the current situation of the disciplines covered and expanded with particular regard to the new missions that have become the main challenge for the armed forces in these first decades of the new millennium with new insights to technological development toward so called cyborg warriors new forms of leadership and changes in soldier's identity and organisational culture It is compiled of documents coming from various researchers at universities around the world as well as military officers devoted to the sector of study Covered in this volume is a historical excursus of studies prior to contemporary research interpretive models and theoretical approaches developed specifically for this topic civic military relations including issues surrounding democratic control of the armed forces military culture professional training conditions and problems of minorities in the armed forces an examination of the structural change within the military over the years including new duties and functions following the Cold War

Contemporary Military Geosciences in South Africa Hennie Smit, 2019-03-31 Contemporary Military Geosciences in South Africa presents the reader with chapters celebrating the scope reach and impact of themes researched by military geoscientists The first topics under investigation ranges from battlefield archaeology and battlefield tourism to military environmental management and the development of a unique South African spatial decision support system for military integrated environmental management This is followed by an in depth look at contemporary maritime factors at play in South Africa The book is concluded by an analysis of the issues surrounding military mobility software and terrain negotiability as well as a comprehensive examination of how geographic factors influence the distribution of natural radionuclides in a military area

Reforming Civil-Military Relations in New Democracies Aurel Croissant, David Kuehn, 2017-03-20 This book addresses the challenge of reforming defense and military policy making in newly democratized nations By tracing the development of civil military relations in various new democracies from a comparative perspective it links two bodies of scholarship that thus far have remained largely separate the study of emerging or failed civilian control over armed forces on the one hand and work on the roots and causes of military effectiveness to guarantee the protection and security of citizens on the other The empirical and theoretical findings presented here will appeal to scholars of civil military relations democratization and security issues as well as to defense policy makers

Guns & Roses: Comparative Civil-Military Relations in the Changing Security Environment Steven Ratuva, Radomir Compel, Sergio Aguilar, 2019-01-04 This edited volume provides a critical and comparative discussion of the changing synergy between the military and society in the dramatically transforming global security climate drawing on examples from the Asian Pacific African Middle Eastern European and South American regions The book is interdisciplinary and covers wide ranging issues relating to civil military relations democratization regional security ethnicity peace building and peace keeping civilian oversight internal repression

gender regime change and civil society **Contemporary Issues in South African Military Psychology** Nicole Dodd, Petrus C. Bester, Justin van der Merwe, 2020-05-13 Contemporary Issues in South African Military Psychology is a well timed extremely thought provoking imperative particular to the African context and deals with a highly contemporary issue within the people management and the management studies fields specifically in the military field and context This is specifically of importance as military psychology is a behavioural science that combines theory and practical application Prof Karel Stanz University of Pretoria **Researching the Military** Helena Carreiras, Celso Castro, Sabina Frederic, 2016-03-02 Researching the Military focuses on the experiences of researchers who study the military around the world It explores the historical social institutional and personal factors that frame research and scrutinize the way knowledge in this area impacts society and policy More than merely analyzing research experiences yet necessarily including them it is also about the experiences of researchers their position with regard to the object of their studies the institutional context where they work and the way their research impacts the academic and policy making fields in the respective countries The common theme to the various chapters is reflexivity a conscious effort at addressing the conditions of research and the position of the researcher and the research participants in that interface By collecting diverse experiences of researchers from across the world this volume aims to enhance reflexivity in the field of military studies and to encourage the exchange of knowledge between the academic field and the military arena This book will be of much interest to students of military studies research methods sociology social anthropology and security studies in general *Peoples of All Nations: South Africa-Wales.
