Constitutional Politics in

Canada and the United States Stephen L. Newman, 2012-02-01 The Canadian constitutional reforms of 1982 which included a Charter of Rights and Freedoms analogous to the American Bill of Rights brought about a convergence with American constitutional law As in the U.S. Canadian courts have shown themselves highly protective of individual rights and they have not been shy about assuming a leading and sometimes controversial political role in striking down legislation In clear and easy to understand language the contributors not only chart but also explore the reasons for areas of similarity and difference in the constitutional politics of Canada and the United States

Feminist Activism in the Supreme Court Christopher P. Manfredi, 2004 Since 1980 the Canadian women's movement has been an active participant in constitutional politics and Charter litigation This book through its focus on the Women's Legal Education and Action Fund (LEAF) presents a compelling examination of how Canadian feminists became key actors in developing the constitutional doctrine of equality and how they mobilized that doctrine to support the movement's policy agenda The case of LEAF an organization that has as its goal the use of Charter litigation to influence legal rules and public policy provides rich ground for Christopher Manfredi's keen analysis of legal mobilization In a multitude of areas such as abortion pornography sexual assault family law and gay and lesbian rights LEAF has intervened before the Supreme Court to bring its understanding of equality to bear on legal policy development This study offers a deft examination of LEAF's arguments and seeks to understand how they affected the Court's consideration of the issues Perhaps most important it also contemplates the long term effects of the mobilization and considers the social impact of the legal doctrine that has emerged from LEAF cases A major contribution to law and society studies Feminist Activism in the Supreme Court is unparalleled in its analysis of legal mobilization as an effective strategy for social movements It will be widely read and welcomed by legal scholars political scientists lawyers feminists and activists

Lesbian and Gay Rights in Canada Miriam Catherine Smith, 1999-01-01 Using archival material that has largely been ignored as well as interviews with Canadian activists Smith investigates the ways in which the Canadian lesbian and gay movement has changed in response to the Charter of Rights and Freedoms

Advocacy Groups Lisa Young, Joanna Marie Everitt, 2004 Seventy percent of Canadians think advocacy groups are a better vehicle for change than political parties This volume looks at who participates in these groups which groups dominate the political agenda what influence lobbying has on the government and how to make advocacy groups an accountable part of political life in Canada
