- If codes other than those listed above are indicated, verify the code. If the code indicated is not listed above, replace the ECU.
- The Check Engine light may come on, indicating a system problem when, in fact, there is a poor or intermittent electrical connection. First, check the electrical connections, clean or repair connections if necessary.
- The Check Engine light does not come on when there is a malfunction in the Electric Load Detector circuit. However, it will indicate the code when the Service Check Connector is jumped.
