**Persian Literature** Reuben Levy,1923 **Persian Literature an Introduction** Reuben Levy,2015-06-26 Excerpt from Persian Literature an Introduction The people who inhabit Iran belong to the great Indo European family and their name Iranians bears etymological affinity with the appellation Aryan The name Persia is due to an accident of history that made the province of Pars or Fars the Greek Persis predominant in Iran at the time when the attention of the Greeks was directed towards it The language of the Iranians has marked affinities on the one hand with the languages akin to the classical tongues of Europe and on the other hand with the Sanskritic group of Indian languages The Iranian group of nations namely Persians Medes and others have not always occupied the lands historically associated with their names They seem in the

course of their migrations to have separated from the parent stock somewhere in the region of the Caspian Sea and wandered southwards through the country of the Oxus and the Jaxartes to their more recent home where their history falls into well marked periods Though there are legends which talk of an Iranian dynasty of Bactria in the dimmest past yet the earliest historical reference to an Iranian state dates from about the middle of the ninth century B C when the territory of the Medes began to attract the attention of the Assyrian kings Persia itself sprang into prominence with the appearance of Cyrus the Great who reigned from 558 530 B C About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
