Anti-terrorism Sandra Rollings-Magnusson, 2009 This edited collection critically analyzes the concept of terrorism the Canadian and American government responses to terrorist activity since the events of 9/11 and the problem of government policies infringing on basic human rights and freedoms The authors direct their attention to various topics including the

relationship between the capitalist economic system and the war on terror the legality and efficacy of the Anti Terrorism Act and the USA PATRIOT Act and the insecurities created by the new security regime The conclusion of this book highlights the need for an informed public debate about security and for society to question and re examine the need for enhanced security measures particularly when such processes counter democratic values

Antiterrorism Personal Protection Guide: A Self-Help Guide to Antiterrorism ,2002 This guide is designed to assist in making Department of Defense DoD employees and their families less vulnerable to terrorists All DoD personnel should become familiar with its contents and incorporate those protective measures that are applicable to their particular situation Moreover they should ensure that every member of their family is made aware of this valuable information so they can help protect themselves as well Terrorism is an indiscriminate act that strikes in varying forms of threats and violence Terrorists generate fear through intimidation coercion and acts of violence such as hijackings bombings or kidnappings As past and more recent events have shown however terrorists have reached new levels of organization sophistication and violence their tactics and techniques are always changing and will continue to be a challenge to predict and neutralize Accordingly everyone must remain diligent in applying the proper protective measures DoD employees and their families are an important part of the military This guide will not ensure immunity from terrorism but by practicing these techniques and proven security habits the possibility of becoming a target will be reduced Defensive awareness and personal security regarding terrorism are the responsibilities of everyone assigned to the Department of Defense As members of the military community DoD employees are a highly valuable yet most vulnerable resource Constant awareness can help protect all members of the military family from acts of terrorism

Justice of the Peace ,2002 *Bridging the Gap* Melinda Moore,2010 U S policymakers have stepped up systematic disaster preparedness efforts sharply since the terrorist attacks of September 11 2001 including the creation of the U S Department of Homeland Security and a plethora of federal initiatives Against a backdrop of natural disasters that occur each year in the United States and heightened concern about pandemic influenza there is an emerging national consensus that the best path is an all hazards approach to disaster preparedness planning and that effective local planning is critical Military installations and their civilian counterparts local government and local health care providers especially the U S Department of Veterans Affairs can strengthen local level disaster preparedness planning This is an interim report for the first phase of a larger study aiming to develop a planning support tool for local military and civilian planners It describes current policies and programs especially those with nationwide application for domestic emergency preparedness risk analysis and capabilities based planning It also describes results from interviews with local military and civilian planners at five selected sites to help understand how local preparedness planning currently operates and identify the needs of local planners Collectively these form the basis for a proposed tool for which the framework is described in this report The next phase of the study will include development and field testing of a proof of concept prototype of the tool
