The Report: Abu Dhabi 2016 Oxford Business Group, 2016-05-09 Subdued oil prices prompted a trimmed federal budget for 2016 as the UAE like other countries in the region tightened its belt in response to falling hydrocarbons revenues However a sustained focus on economic diversification and targeted investment in Abu Dhabi's key non oil sectors in recent years means the emirate is well positioned to weather the storm Looking forward plans for future development are mapped out in Abu Dhabi Economic Vision 2030 a comprehensive economic policy document that aims to reduce dependence on oil and gas thereby creating a more sustainable knowledge based economy for the emirate and its inhabitants Aided by hydrocarbons reserves that are among the world's largest and substantial financial resources Abu Dhabi has built up a strong foundation to become a regional leader and an increasingly important global player in a wide variety of sectors including oil and gas financial services health care aviation and renewable energy

*The First Barrel of Fortune* Dr. Salwa Al-Nuaimi, 2022-11-02 In the span of one generation the nation witnessed the rapid modernisation following the discovery of oil from a scattered tribal land with a primitive economic structure to the regional and global economic powerhouse the UAE became by the late twentieth century Through interviews from those who steered and

experienced the changes The First Barrel of Fortune explores the development of not only the economy but also the changes on Emirati society's three pillars the tribe Islam and the family He who does not know his past cannot make the best of his present and future for it is from the past that we learn Sheikh Zayed bin Sultan Al Nahyan *Middle East Economic Survey*, 1987
