## **Ancient Chronicles I Searching For Alexander:**

Ancient Chronicles I Betty Younis,2014-10-27 Alexander the Great Everyone knows about the ancient Macedonian prodigy and his conquest of the known world of his time but how do they know In this penetrating essay Betty Younis delves into the actual ancient sources who wrote about Alexander and traces their perilous descent down to us today investigating the slender thread connecting the history of the past to the comfortable assumptions of the present and posing the truly critical question how much has been lost in transmission *In Search Of The Lost Testament of Alexander the Great* David Grant,2017-01-28 A unique backstory of Alexander and his successors the biased historians deceits wars generals and the tale of the literature that preserved them Babylon mid June 323 BCE the gateway of the gods prostrated in the Summer Palace of Nebuchadrezzar II on the east bank of the Euphrates wracked by fever and having barely survived another night King Alexander III the rule of Macedonia for 12 years and 7 months had his senior officers congregate at his bedside Abandoned by Fortune and the healing god Asclepius he finally acknowledged he was dying Some 2 340 years on five barely intact accounts survive to tell a hardly coherent story At times in close accord though more often contradictory they conclude with a melee of death scene rehashes all of them suspicious the first portrayed Alexander dying silent and intestate he was Homeric and vocal in the second the third detailed his Last Will and Testament though it is attached to the stuff of romance Which account do we trust *In Search Of The Lost Testament Of Alexander The Great* is the result of a decade of contemplations on Alexander presented as a rich thematic narrative Grant describes as the backstory behind the history of the great Macedonian and his generals Taking an uncompromising investigative perspective Grant delves into the challenges faced by Alexander s unique tale the forgeries and biased historians the influences of rhetoric romance philosophy and religion on what was written and how Alexander s own mercurial personality is vividly dissected and the careers and the wars of his successors are presented with a unique eye But the book never loses sight of central aim to unravel the mystery behind Alexander s unconvincingly reported intestate death And out of Grant s research emerges one unavoidable verdict after 2 340 years the Last Will and Testament of Alexander III of Macedonia needs to be extracted from romance and reinstated to its rightful place in mainstream history Babylon in June 323 BCE Although the result a decade of academic research *In Search Of The Lost Testament Of Alexander The Great* is written in an entertaining and engaging style that opens the subject to both scholars and the casual reader of history looking to learn more about the Macedonian king and the men who made his story It concludes with a wholly new interpretation of the death of Alexander the Great and the mechanism behind the wars of succession that followed **The History of Ancient Palestine from the Palaeolithic Period to Alexander's Conquest** Gösta Werner Ahlström,Gary Orin Rollefson,Diana Vikander Edelman,1993 **The Pope and Ireland** Stephen J.
