Green Fraud Marc Morano, 2021-03-23 If you care about America s future read this book Mark Levin A must read book that shows how the Green New Deal is dangerous impractical misguided and guaranteed to fail with disastrous results for the American people Sean Hannity A New Lockdown to Save the Climate That s what s in store for us if Alexandria Ocasio Cortez and the Democrats pass their radical climate plan the Green New Deal It is packed with guarantees so completely irrelevant to the problem it purports to solve like free

college and incomes for everyone unable or unwilling to work that even its boosters have admitted it's not really about the climate. The intrepid Marc Morano, author of the bestselling *Politically Incorrect Guide to Climate Change*, breaks down the science and the politics to expose the truth about the Green New Deal. The science is settled; copious evidence and prominent defections from the climate consensus make clear we are not facing a man-made climate disaster. Climate change is the perfect Trojan horse for the socialist agenda of the Left. Fossil fuels lifted the West out of poverty, but our elites now want to deny them to the world's poor. The Green New Deal is on a collision course with self-government and our fundamental rights. Climate change has already been solved multiple times over the past two decades with highly touted international agreements, and yet it never goes away as an excuse for leftist policies that will cripple our economy, impoverish the world, and take away our freedoms. Packed with telling statistics, damning quotations, and real science, *Green Fraud* is your source for all the facts you need to understand and resist the threat.
