*The Healthy PC* Carey Holzman, 2003 This approachable book shows the average computer user how to maintain a healthy and stable PC.

*Brilliant Home and Wireless Networks* Greg Holden, 2009 Just as one car isn't enough for most households, one computer isn't going to fulfil the needs of a family, a couple or a busy professional. Setting up a wired or wireless home network is well within the reach of the average person provided he or she chooses the right setup for their needs. *Brilliant Home Wireless Networking* will describe common network configurations and guide you step by step through the process of getting your PCs connected to the Internet and to each other. You'll learn the ins and outs of Ethernet, Wi-Fi, IP addresses and file sharing. You'll discover how to go wireless so you can work from anywhere in the home. Finally, you'll explore ways to keep your network and your children secure from hackers, viruses and other threats. *Brilliant Home Wireless Networking* provides a visual tutorial taking you from networking novice to accomplished user in easy steps. A guide to optimising your use of a wired or wireless home network, making it a more integral part of your life. Essential guidance on the vast array of software and peripheral hardware available to you, allowing you to make the right choices for how you want to work.

*Brilliant Series Features* Detailed index and troubleshooting guide to help you find exactly what you need to know. Each task is presented on one or two pages.
