*An a to Z of Emotional Freedom* Caroline Anson, 2007-08-20 The intention of this book is to help you claim back the life of personal respect integrity and honour you were always destined to live This book is aimed at anyone who has a dream inside waiting to break out but is imprisoned by their personal history It does not aim to provide the answers but hopes instead to provoke you into asking the right questions about your life and how you really want to live it The rest is up to you This book is part of a series of four which are defined as living books in other words as readers read and learn and grow and feedback to us we want to evidence that learning and growing so maybe other peoples learning and growing can acquire compassion and wisdom about their own and others lives less painfully As the authors of this book we have learned certain incontrovertible truths the most important one being that we are all ultimately responsible for our own life stories We have the final decision on what story we choose to tell If it is too late to change the chapters that have preceded where we are now we certainly have the power to transform the rest of the story to describe our blooming Contained within these pages and the pages of the other three books comprising the series are some ideas to help you along the way All the words and phrases used throughout the series are intended to be explained within the context of how they are presented If however you do not understand anything you read please ask for an explanation We will be happy to clarify in later editions and via our website updates We can be contacted at [feedback@AcornProductions.org](mailto:feedback@AcornProductions.org) or via our website at [www.AcornProductions.org](http://www.AcornProductions.org)

**The Golden Book of Creation**, Elena the Greek, 2025-11-07 We are all going through spiritual awakenings and always looking for our truth inner truth universal truth ways of harmoniously being with each other growing and ever evolving in our everyday lives It takes a lot to find the courage within to shift any truths that are no longer serving in a meaningful way but mostly what it takes is moments of self reflection and deeper understanding of the role we are here to fulfill in a way that means something to us It s not always easy to look back and reflect and it s not even easy to be present and experience uncomfortably any situation that is here only to provide wisdom and teachable moments My advice Grab these moments and make the best of them Unbecome who you thought you were and explore with all your inner power who you truly are in every aspect of your being and let that golden light of yours shine unapologetically at its best ability This is the point where you find your true calling and purpose in life The way to treat life is with humor and wisdom in order to find the inner truth and ways to share it with those you appreciate the most As always be True to Yourself be your True Self
