A Grief Observed Study Guide:

Discuss Grief: A Discussion Guide for a Grief Observed by C.S. Lewis Tom Morris, 2010-03-12 Lewis feelings and musings about his wife's death were first published in 1961. Since then it has helped thousands and thousands of people who have read it or have spoken of its contents. This study is to encourage you to read the book in its entirety. It is to help you grapple with issues of grief that Lewis and all mankind struggles with in grief. It is to help you grapple with issues of grief that everyone faces in loss. Each page is designed to be a discussion session for a group of 5-12 students. Discuss the passage of *A Grief Observed* prior to delving into the questions. Allow each student to respond to the first question before going on to the next. Allow for more time if some student has difficulty understanding or answering the question. It is my hope that these will assist you in helping young people make sense of death's in their lives. This book was written to help teens in grief support groups. SCM Studyguide Pastoral Theology Margaret Whipp, Michael Byrne, 2013. The SCM Studyguide *Pastoral Theology* designed to support undergraduate courses for the training of clergy and lay pastoral workers at an accessible introductory level. The book aims to develop pastoral wisdom and integrity through a critical integration of theology and the human sciences. Introducing key themes in theological anthropology and pastoral practice, it shapes a creative pastoral vision which is deeply rooted in a Christian vision of what it means to be human and what it takes to care. Working with case studies, the book will introduce broad frameworks of understanding of issues such as growth, loss, and sexuality, together with critical perspectives on important aspects of practice such as language, power, and boundaries. The book provides an accessible overview of key concepts in pastoral theology, offering key entry points for further discussion and study. Each chapter includes discussion questions and/or reflective exercises at the end of each chapter, together with a short bibliography. Throughout the text, key summaries of learning will be indicated by boxed Practice Points.
