In-Depth Productivity Review of Belgium OECD,2019-07-08 Belgium has a high level of productivity However growth of productivity has declined quite strongly over the past two decades and more so than in other advanced economies This is a worrying development as fewer productivity gains mean less wage growth and a slowdown in improvements to pensions health care and well being This In Depth Productivity Review of Belgium assesses in detail the drivers of productivity and recommends a 7 Point Action Plan to reignite productivity growth in Belgium

Harris Pennsylvania Industrial Directory ,1999 Aggregate Uncertainty and Sectoral Productivity Growth Sangyup Choi,Davide Furceri,Yi Huang,Mr.Prakash Loungani,2016-08-16 We show that an increase in aggregate uncertainty measured by stock market volatility reduces productivity growth more in industries that depend heavily on external finance This effect is larger during recessions when financing constraints are more likely to be binding than during expansions Our statistical method a difference in difference approach using productivity growth for 25 industries for 18 advanced economies over the period 1985-2010 mitigates concerns with omitted variable bias and reverse causality The results are robust to the inclusion of other sources of interaction effects such as financial development Rajan and Zingales 1998 and counter cyclical fiscal policy Aghion et al 2014 The results also hold if economic policy uncertainty Baker et al 2015 is used instead of stock market
