

A man with a beard and sunglasses, wearing a white t-shirt and dark pants, stands in a studio. He is positioned in the center, looking slightly to his left. The studio is filled with various lighting equipment, including a large black umbrella light on the left, a smaller white umbrella light on the floor to the left, and several light stands with fixtures on the right. The floor is covered with numerous colorful balloons in shades of red, yellow, blue, and green. The background is a plain, light-colored wall.

## Key Of Light:

*Parallel Worlds: Keys of Heaven* Anita M. Tucker, 2016-04-07 Creative keys are entirely enveloped in the spirit world They are the axiom on which truth and life converge The breath of life transport words that are spirit into life but there are diverse levels of life If we lead an unfruitful life it is safe to conclude that seed has been dispensed willy nilly Understand from this point forward that the tongue must be tamed as lives mirror or are reflected in conversation Positioned within the lives is transformation from spirit life positive to negative and this depends on purity of heart The principle of creation by speech stands alone *A New Light of Mysticism.
