The contents of your year are mapped out below. You will notice that as students finish whole class novels in some of the major units, independent reading begins. **The goal is that students are always reading.** You will also notice that posters for some of the activities (the growth mindset and escape rooms, for example) do not have digital links. Due to the nature of these files, posters and banners must be opened from the downloaded TpT files. Email me with any questions any time:

## 7th Grade Ela Curriculum Pacing Guide:

**Literacy Intervention in the Middle Grades** Kevin Flanigan, Latisha Hayes, 2022-12-27 No two students in grades 4-8 are identical and many struggle with literacy for different reasons. Using a teacher-friendly hands-on approach, this eminently practical book walks educators through the nuts and bolts of literacy intervention in the middle grades. Highlights include North Star principles to orient instruction, an assessment flowchart, and extended case studies of three middle grades learners. The book offers evidence-based intervention practices for targeting specific literacy components including word recognition, fluency, vocabulary, and comprehension. Teachers are guided to plan structured but flexible interventions that promote literacy growth and engagement. Sample lesson plans and clear, engaging figures illustrate how to make literacy intervention work for all students.

**Decolonizing Middle Level Literacy Instruction** Michael Domínguez, Robyn Seglem, 2023-06-30 This text offers pre-service and in-service teachers pragmatic strategies for teaching middle grades literacy in culturally proactive and sustaining ways. By demystifying big ideas and complex concepts, Domínguez and Seglem provide clear pathways and lessons for illuminating and engaging with race, ethnicity, culture, and identity in the middle grade English Language Arts classroom. While addressing social justice, equity, diversity, and liberation can seem intimidating or unrelated to classroom practice, the authors demonstrate how weaving such questions into instruction benefits students' development. The guidance, strategies, and lessons in this book provide an answer to the question: What does decolonial literacy teaching look like? Concrete but not prescriptive, the authors encourage us to reconsider accepted logics of schooling so that we can better support adolescents as they navigate complex identity landscapes. Bringing together disparate conversations around reading, writing, identity, and decolonial thinking and specifically tailored to the middle grades, this book serves as a comprehensive toolkit for praxis and covers such topics as cultural change, community connections, and racial literacy. Each chapter features tips on reading and writing instruction, Teacher Spotlights, Planning Questions, and Additional Resources to make it easy for educators to apply the strategies to their own contexts. An accessible entry to addressing challenging questions around identity in the classroom, this book is essential reading in courses and professional development on ELA and literacy methods as well as teaching culturally and linguistically diverse students. For teachers looking to push toward equity and reshape literacy education so that it serves all middle grade students, Domínguez and Seglem offer plenty of accessible and motivating places to start.
