Yearbook of International Organizations 2014-2015, Volumes 1a & 1b (Set) Union of International Associations,2014-06-16 Volume 1 A and B covers international organizations throughout the world comprising their aims activities and events *Palmers' Index to the Times Newspaper* ,1890 English Language and Literature Teaching in India S. R. Ganguly,L. S. Ramaiah,2000 Description English came to India with the East India Company in the seventeenth

century Lord Wellesley consolidated the rule of the East India Company around 1820 with his victories over the Marathas and Tipu Sultan. Hence the times were propitious for the introduction of English language in India in education and administration. The two landmarks for the English Language Teaching in India were the famous Minute on Indian Education 1835 by Thomas Babington Macaulay and The Wood's Despatch 1858 by Charles Wood. Thereafter English became the most important subject of higher study in India. Much was written about the study and teaching of English Language and Literature in India both by the natives and English men. English Language teaching even after achieving Independence 1947 is continuing as an important subject of study as India's window on the world. In spite of the importance of the subject there has been no bibliographical control. Bibliography and documentation are important tools to provide the total intellectual output that was written and published in the field. They reveal the strengths and weaknesses of the subject. They are the pathfinders for the further study and research of the study. Lack of these tools is a bane to the teachers and scholars. There is no bibliography so far on English Language and Literature teaching in India. The editors with their long experience at CIEFL undertook this arduous work to fill in the gap. It is a happy thing that this reference tool is published on the occasion of the completion of 40 years of the establishment of the Central Institute of English and Foreign Languages Hyderabad and the Silver Jubilee of its deemed university status. It is hoped that this bibliography will be of great help to teachers, students and scholars in the field of ELLT.

An analysis of the language profiles of two subjects Stefanie Dalvai, 2019-03-01

Seminar paper from the year 2018 in the subject Speech Science Linguistics grade 1 University of Malta Linguistics course ENG 2030 Second Language Acquisition of English language English abstract. Although the study of Second Language Acquisition (SLA) started already in the late 1960s, there is still a lot of incongruency on the subject. Each person seems to differ in his/her respective SLA process which makes it hard or even impossible to come to an overall truth about how SLA works. Although studies conducted in the last decades might not have led to any overall conclusion, they have verified and falsified different theories showing that they do not hold true in every case. From the myriad of different theories and resulting studies, a few will be discussed in connection to the SLA processes of two subjects which are presented in this case study. In the first part of the paper, the language profiles of each of the two subjects will be analyzed, taking various theories into account and trying to come to an understanding of what have been the causes and effects of their respective language profiles. In the second part, both profiles will be compared. In the conclusion, the most important assumptions will be revised and a final statement will be drawn.
