

## AP Government Study Guide

### Unit One: Constitutional Underpinnings

#### Fundamental Principles of Democracy

- **Direct Democracy** – citizens meet and vote directly on government decisions •
- Representative Democracy (Republic)** – citizens choose officials who make decisions on government policy
- **Magna Carta (1215)** – the first ever attempt to limit the power of the British King, guaranteed all people certain rights
- **Enlightenment Philosophers – Locke and Rousseau**
  - **Social Contract Theory** – principle that people enter into a social contract with the government and allow to be ruled
  - **Consent of the Governed** – principle that there are no supreme rulers, all rulers depend on the approval of the people, when governments fail to protect rights the people have the right to change the government
  - **Natural Rights** – principle that all people are born with certain rights: life, liberty, and property (Jefferson changes property into pursuit of happiness)
- **Declaration of Independence** – Thomas Jefferson's document built on principles of "life, liberty, and the pursuit of happiness" consent of the governed, and social contract theory. It also justified American revolution against England
- **Common Good** – Belief in doing what's best for the nation overall • Popular

**Sovereignty** – Belief that the ultimate authority rests with the people • **Majority Rule**

– Belief that government is run based on the will of the majority The First Government – Articles of Confederation

- Weak association of states (states very independent)
- No central executive power
- No federal power to tax citizens directly
- Federal government could raise an army, (but not pay for it), print money, declare war, and run the post office
- 9 out of 13 states were required to vote to pass a law
- With no strong central government supervision, states could get away with taxing and printing money, and making foreign treaties,
- **Shays' Rebellion** – Farmer rebellion in Massachusetts 1786-1787 protesting mortgage foreclosures and terrible economy. Rebellion represented how weak

*Was the American War of Independence a role model for later revolutions in Europe?* Johanna Schuler, 2020-07-02 Essay from the year 2019 in the subject History America grade 10 course Geschichte des 19 Jahrhunderts language English abstract The American War of Independence took place from 1775 to 1783 on the Northeast coast of America It was a war of liberation independence and a revolution by the people which fought the old system One must know that at this time most of the north American territory was British to be exact 13 colonies at the east coast of the continent The citizens of the colonists fought against the British army because they were not represented in the British government and that is why they wanted to get independent In 1783 they reached their aim and got independent after a war of 8 years But they not only got independent but wrote their own constitution in 1787 took effect in 1789 This was a huge step towards modernity as we know it today because of the guaranteed human rights and the first democracy in history As the French Revolution took place quiet directly after the American independence was reached it is worth trying to measure the impact the American War of Independence had on the French Revolution Was the American War of Independence even a role model for Europe in what is fighting the old system and moving towards modernity by establishing a constitution which includes human rights In the following the time between 1763 and 1789 will be taken into account To be able to answer the question whether the American War of Independence was a role model for later revolutions in Europe with the example of the French Revolution The unanimous Declaration of the thirteen United States of America in Congress July 4 1776 and the Constitution of the United States itself must be considered as they were the two frameworks of the American War of Independence **Economic and Political Weekly** ,2002

The crisis of democracy Cornelia Jürgens, 2021-09-09 Seminar paper from the year 2021 in the subject History America grade 8 5 VU University Amsterdam language English abstract On the 11th of September 1973 Salvador Allende the democratically elected president of Chile was deposed by a military coup that brought the dictator Augusto Pinochet to power Allende died shortly after in what has been

presumed to be suicide 2 The involvement of the American government and Kissinger in particular in these events has been a topic of heated debate To what degree did American conceptions of democracy contribute And how was its own democratic image hurt by it This paper explores the way American conceptions of democracy influenced its actions in the Chilean coup of 1973 In order to do this it first discusses the debate surrounding its actions in Chile itself Did the US intervene to protect democracy Or was there a to them more important reason that took precedence over it Then it turns to a discussion of the US government s actions after the fact to bring more nuance to the topic and ask whether its ideal of democracy had anything to do with it     **The Inter Ocean Curiosity Shop ...** ,1881
