## 2014 June Bio Regents Let:

**Social Media and the Good Life** Mark Y. Herring, 2015-06-14 Social media have accelerated communication expanded business horizons and connected millions of individuals who otherwise would never have met But not everything social media touch turns to gold much of it is brass Social networking sites are used by scammers criminals and sexual predators and many people now self diagnose illness based on misinformation shared online Businesses make great claims about social media as a marketing tool but few show any real returns We communicate through social media but are we really saying anything Is social media doomed to be a conduit of narcissism or can it become a channel for responsible communication Can social networking overcome its manifold violations of privacy Must we sacrifice our identities in order to tweet or friend our associates This book examines some of the legal and ethical issues surrounding social media their impact on civil discourse and their role in suicides murders and criminal enterprise

**Play in a Covid Frame** Anna Beresin, Julia Bishop, 2023-06-01

During the international coronavirus lockdowns of 2020 2021 millions of children youth and adults found their usual play areas out of bounds and their friends out of reach How did the pandemic restrict everyday play and how did the pandemic offer new spaces and new content This unique collection of essays documents the ways in which communities around the world harnessed play within the limiting frame of Covid 19 Folklorists Anna Beresin and Julia Bishop adopt a multidisciplinary approach to this phenomenon bringing together the insights of a geographically and demographically diverse range of scholars practitioners and community activists The book begins with a focus on social and physical landscapes before moving onto more intimate portraits of play among the old and young including coronavirus themed games and novel toy inventions Finally the co authors explore the creative shifts observed in frames of play ranging from Zoom screens to street walls This singular chronicle of coronavirus play will be of interest to researchers and students of developmental psychology childhood studies education playwork sociology anthropology and folklore as well as to toy museum and landscape designers This book will also be of help to parents professional organizations educators and urban planners with a postscript of concrete suggestions advocating for the essential role of play in a post pandemic world

**Slow Burn** R. Jisung Park, 2025-07-29

How the subtle but significant consequences of a hotter planet have already begun from lower test scores to higher crime rates and how we might tackle them today It's hard not to feel anxious about the problem of climate change especially if we think of it as an impending planetary catastrophe In Slow Burn R Jisung Park encourages us to view climate change through a different lens one that focuses less on the possibility of mass climate extinction in a theoretical future and more on the everyday implications of climate change here and now Drawing on a wealth of new data and cutting edge economics Park shows how climate change headlines often miss some of the most important costs When wildfires blaze what happens to people downwind of the smoke When natural disasters destroy buildings and bridges what happens to educational outcomes Park explains how climate change operates as the silent accumulation of a thousand tiny

conflagrations imperceptibly elevated health risks spread across billions of people pennies off the dollar of productivity fewer opportunities for upward mobility By investigating how the physical phenomenon of climate change interacts with social and economic institutions Park illustrates how climate change already affects everyone and may act as an amplifier of inequality Wealthier households and corporations may adapt quickly but without targeted interventions less advantaged communities may not Viewing climate change as a slow and unequal burn comes with an important silver lining It puts dollars and cents behind the case for aggressive emissions cuts and helps identify concrete steps that can be taken to better manage its adverse effects We can begin to overcome our climate anxiety Park shows us when we begin to tackle these problems locally
