Qureshi, Samrat Singh Bhandari, Giorgio Di Lorenzo, Harshavardhan Sampath, 2023-09-13 The WHO constitution states Health is a state of complete physical mental and social well being and not merely the absence of disease or infirmity There are multiple factors that contribute towards good mental health including civil liberties politics economics social rights and cultural diversity and quality of life of the individual and the society as a whole The promotion of mental health spans many disciplines in order to cover all these factors such as education work justice housing and welfare Therefore it is important to collaborate to create an environment that promotes and supports mental health to improve psychological well being and allow individuals to realize their own abilities work productively and contribute to society and live fulfilling lives There is no health without mental health that is vital to individuals families communities and societies across the world and so the goal of this Research Topic is to collate ideas and research of strategies for the promotion of mental health across all disciplines in

order to raise awareness of mental health promotion and protection to ensure its incorporation in national mental health policies going forwards This is of particular relevance given the mental health crisis being experienced across the world right now     *Special Papers* ,1934     **Advances in Mechatronics, Automation and Applied Information Technologies** Q.
