*Dvoretsky's Endgame Manual: Fourth Edition* Mark Dvoretsky, 2020-12-17 The Fourth Edition of a Modern Classic When you are serious about improving your endgame skills it is time for Dvoretsky's Endgame Manual Perhaps the best known and most respected instructor of world class chessplayers Mark Dvoretsky has produced a comprehensive work on the endgame that will reward players of all strengths For those ready to immerse themselves in endgame theory there may be no better manual available today But even if you do not play at master level the book has been designed to help your endgame too Basic theories and must know concepts are highlighted in blue You may skip the more complex analysis focus on the text in blue and still improve your endgame technique When it appeared in 2003 the first edition of Dvoretsky's Endgame Manual was immediately recognized by novice and master alike as one of the best books ever published on the endgame The enlarged and revised Fourth Edition is better than ever I am sure that those who study this work carefully will not only play the endgame better but overall their play will improve One of the secrets of the Russian chess school is now before you dear reader From the Foreword to the First Edition by Grandmaster Artur Yusupov Going through this book will certainly improve your endgame knowledge but just as important it will also greatly improve your ability to calculate variations What really impresses me is the deep level of analysis in the book All I can say is This is a great book I hope it will bring you as much pleasure as it has me From the Preface to the First Edition by International Grandmaster Jacob Aagaard Here's what they had to say about the First Edition Dvoretsky's Endgame Manual may well be the chess book of the year It comes close to an ultimate one volume manual on the endgame Lubomir Kavalek in his chess column of December 1 2003 in the Washington Post

**Dépanner et upgrader son PC** Michel Martin, 2007 *Dvoretsky's Endgame Manual: FastTrack Edition* Mark Dvoretsky, Alex Fishbein, 2021-09-07 The FastTrack to Endgame Expertise Since it first appeared in 2003 Dvoretsky's Endgame Manual has been acclaimed as the best single volume ever written on the endgame With staggering depth and accuracy it clearly reveals the secrets of this most important stage of the game One of the unique characteristics of the Endgame Manual has been the highlighting of text considered to be essential to the understanding of endgame theory The late great trainer Mark Dvoretsky carefully selected the text to be highlighted so that players at all levels could benefit from this monumental work Now in its fifth edition the 440 page manual may seem somewhat intimidating to some readers With that in mind German grandmaster Karsten Müller and American grandmaster Alex Fishbein both recognized endgame experts in their own right have collected the highlighted text from the fifth edition and presented it so that the core concepts might be more readily available The result is Dvoretsky's Endgame Manual FastTrack Edition As noted by Australian grandmaster Ian Rogers in his foreword I am very pleased that Dvoretsky's Endgame Manual FastTrack Edition has come along It is eminently suitable to sit in an amateur player's library as their only endgame book and equally good at preparing a serious student for many other fine endgame books not forgetting of course the storied father of this volume Dvoretsky's Endgame

Manual If you are serious about studying endgames have a limited amount of time or are simply looking for a convenient way to improve your play in endgames the FastTrack Edition may just be the book you have been looking for
