Notes on Creativity

• Inspiration is everywhere, we just capture it with the stroke of a pen.

• We can find it by viewing things from a different vantage point, gaining a new perspective.

• Looking for the extraordinary in the everyday.

• Try to look closer at a bridge, see the world with a pair of glasses with that focus on detail. By just taking time to look around, noticing the small details, the little subtleties, it gives us the ability to bring it up at the opportunity. When the world is a system, then we can see it in a way no one else can. Only then can we perceive and day out in the world, the same, that perception of the world is a little bit wider.

• We can see the world in a different way.

• We know you don't like your house now, so take another look at it with different eyes and see the beauty you can see. It's better looking at the house in a different way.

• We can see the world in a different way.

• We can see the world in a different way.
