Russian-American relations in the post-Cold War world James W. Peterson, 2017-08-10 Why did the Russian take over of Crimea come as a surprise to so many observers in the academic practitioner and global citizen arenas The answer presented in this textbook is a complex one rooted in late Cold War dualities but also in the variegated policy patterns of the two powers after 1991 The 2014 crisis was provoked by conflicting perspectives over the Balkan Wars of the 1990s the expansion of NATO to include former communist allies of Russia as well as three of its former republics the American decision to invade Iraq in 2003 and the Russian move to invade Georgia in 2008 This book uses a number of key theories in political science to create a framework for analysis and to outline policy options for the future It is vital that the attentive public confront the questions raised in these pages in order to control the reflexive and knee jerk reactions to all points of conflict that emerge on a regular basis between America and Russia [American Foreign Relations: A History, Volume 2: Since 1895](#) Thomas Paterson, J. Garry Clifford, Shane J. Maddock, Deborah Kisatsky, Kenneth Hagan, 2009-03-27 This best selling text presents the best synthesis of current scholarship available to emphasize the theme of expansionism and its manifestations Volume 2 includes recently declassified documents and provides the opportunity to consider new perspectives on topics such as the American intervention in the Bolshevik Revolution the origins of the Cold War and the Korean War and the Cuban missile crisis Important Notice Media content referenced within the product description or the product text may not be available in the ebook version [U.S. Foreign Policy](#) Steven W. Hook, 2015-12-08 The same aspects of American government and society that propelled the United States to global primacy have also hampered its orderly and successful conduct of foreign policy This paradox challenges U S leaders to overcome threats to America s world power in the face of fast moving global developments and political upheavals at home The fully updated Fifth Edition of Steven W Hook s U S Foreign Policy The Paradox of World Power explores this paradox identifies its key sources and manifestations and considers its future implications as it asks whether U S foreign policymakers can manage these dynamics in a manner that preserves U S primacy [Guide to American Foreign Relations Since 1700](#) Richard Dean Burns, 1983 Designed to supplement the Guide
