Industry: Consumer Electronics
Our Business: Distribution, Shipping
Applications: NetSuite, ERP3 Commerce
Key Benefits:

- Experienced 1000% growth in small package orders with no additional warehousing and logistics cost
- Ability to process 200-300 small package orders per hour per shipping location
- Faster fulfillment production during holiday seasons helped out at 1,000 warehouse small package orders in an 8 hour shift
- Improved order accuracy by 15% and fulfillment rates by 50%, increasing customer satisfaction and cutting change-orders

The Challenge:

Able Planet serves a number of large retail customers including Best Buy, Brookstone, BUNN, Staples, Office Max, and Sam's Club. Additionally, Able Planet sells through their own e-commerce site, resulting in a mix of fulfillment processes which are drop shipped direct consumer orders, as well as shipments into the retailers' warehouses requiring complicated PLUs and BOM 1,000 labels. This resulted in the following issues:

- Ensuring the right processes were being followed in regards to packaging label requirements, different customer A/R requirements, and document shipping information was causing the warehouses to be less efficient and causing errors.
- The manual efforts in keying in shipment data into an EDI portal and shipping labels into NetSuite were limiting their warehouses throughput and driving unnecessary costs.
- The fragmented systems and processes resulted in poor visibility to customer compliance and made it harder to receive questions in the front office.

The Solution:

Able Planet implemented OrbLINK Shipping which captures A/R data and generates BOM 1,000 labels as part of the shipping process. OrbLINK achieves this through real time integration with NetSuite and ERP3 Commerce. This automation resulted in the following improvements:

- Simplification of multi-step process required of manual fulfillment
- Elimination of a total of 4 hours of manual tasks per day
- Creation of an error-free process with instant visibility in NetSuite

"OrbLINK offers a true white box integration strategy. OrbLINK's unique packaging software allows our retail partners to implement quickly and with minimal effort. Our system adds no software or hardware requirements."
