**Hong Kong Professional Services and the Belt and Road Initiative** Linda Chelan Li, Phyllis Lai Lan Mo, 2023-03-03

This book scrutinizes the role of Hong Kong in the expansive and contested vision of China's Belt and Road Initiative BRI. In two main parts, it first discusses the defining features of the BRI and the evolving expectations of the role of Hong Kong in the BRI from the perspectives of policy makers and the professional sectors of accountancy, finance, and the law. The second part contemplates the potential opportunities for Hong Kong from the perspectives of recipient countries: Sri Lanka, Vietnam, Cambodia, and Myanmar. Utilizing an action research approach and engaging the views of a broad spectrum of actors, the authors observe the critical role of agency and innovations in a context of institutional contradictions: the impact of BRI governance structure for the deficits in international participation; gaps between grand state visions and commercial interests; and the salience of effective communication in navigating complex policy initiatives. Taking these together, it unpacks the complex processes shaping Hong Kong's participation and role in the BRI. This book will appeal to students and researchers interested in the BRI and Hong Kong in the contexts of institutional contradictions, agency innovations, and political dynamics, as well as sustainable development.

**Foolishness to Gentiles** Michael L. Budde, 2022-01-06 What happens to the Gospel when you put other loyalties into positions of power in Christian life and practice? You get deformations, distortions, and caricatures of Christianity: killing in the name of love, defense of worldwide systems of domination, idolization of the nation instead of the membership in the global body of Christ, and baptism of exploitative and destructive economic ideologies. You get much of what the world sees as contemporary Christianity in other words. Too often, however, the inadequacies of contemporary Christian life, especially in the United States, are seen as separate issues in need of improvement or reform. *Foolishness to Gentiles* invites readers to see the pathologies of the churches not as a series of disconnected problems but as predictable outcomes of deep defects of Christian formation, commitments, and theology. Having mortgaged so much of the integrity of the Gospel in the pursuit of imperial and national citizenship and having allowed the powers of race and capital to divide the unity of the church, *Foolishness to Gentiles* calls Christians into deeper reflection, repentance, and redirection. In a series of essays, new and previously unpublished, previously unpublished in English and published previously in specialized venues, *Foolishness to Gentiles* opens doors to deeper theological and socio-political reflection and some guideposts for more adequate practices of Christian discipleship in a variety of contexts and circumstances.

***Power Grid Operation in a Market Environment*** Hong Chen, 2016-11-14 Covers the latest practices, challenges, and theoretical advancements in the domain of balancing economic efficiency and operation risk mitigation. This book examines both system operation and market operation perspectives, focusing on the interaction between the two. It incorporates up-to-date field experiences, presents challenges, and summarizes the latest theoretic advancements to address those challenges. The book is divided into four parts. The first part deals with the fundamentals of integrated system

and market operations including market power mitigation market efficiency evaluation and the implications of operation practices in energy markets The second part discusses developing technologies to strengthen the use of the grid in energy markets System volatility and economic impact introduced by the intermittency of wind and solar generation are also addressed The third part focuses on stochastic applications exploring new approaches of handling uncertainty in Security Constrained Unit Commitment SCUC as well as the reserves needed for power system operation The fourth part provides ongoing efforts of utilizing transmission facilities to improve market efficiency via transmission topology control transmission switching transmission outage scheduling and advanced transmission technologies Besides the state of the art review and discussion on the domain of balancing economic efficiency and operation risk mitigation this book Describes a new approach for mass market demand response management and introduces new criteria to improve system performance with large scale variable generation additions Reviews mathematic models and solution methods of SCUC to help address challenges posed by increased operational uncertainties with high penetration of renewable resources Presents a planning framework to account for the value of operational flexibility in transmission planning and to provide market mechanism for risk sharing Power Grid Operations in a Market Environment Economic Efficiency and Risk Mitigation is a timely reference for power engineers and researchers electricity market traders and analysts and market designers **National Union Catalog** ,1956 Includes entries for maps and atlases **Revised Code of Washington** Washington (State),2021 *Socially Engaged Public Art in East Asia* Meiqin Wang,2022-04-12 This anthology elucidates the historical global and regional connections as well as current manifestations of socially engaged public art SEPA in East Asia It covers case studies and theoretical inquiries on artistic practices from Hong Kong Japan mainland China South Korea and Taiwan with a focus on the period since the 2000s It examines how public art has been employed by artists curators ordinary citizens and grassroots organizations in the region to raise awareness of prevailing social problems foster collaborations among people of varying backgrounds establish alternative value systems and social relations and stimulate action to advance changes in real life situations It argues that through the endeavors of critically minded art professionals public art has become activism as it ventures into an expanded field of transdisciplinary practices a site of new possibilities where disparate domains such as aesthetics sustainability placemaking social justice and politics interact and where people work together to activate space place and community in a way that impacts the everyday lives of ordinary people As the first book length anthology on the thriving yet disparate scenes of SEPA in East Asia it consists of eight chapters by eight authors who have well grounded knowledge of a specific locality or localities in East Asia In their analyses of ideas and actions emerging from varying geographical sociopolitical and cultural circumstances in the region most authors also engage with concepts and key publications from scholars which examine artistic practices striving for social intervention and public participation in different parts of the world Although grounded in the realities of SEPA from East Asia this book contributes to global

conversations and debates concerning the evolving relationship between public art civic politics and society at large

**Political Ecology of Tourism** Mary Mostafanezhad, Roger Norum, Eric J. Shelton, Anna Thompson-Carr, 2016-01-08 Why has political ecology been assigned so little attention in tourism studies despite its broad and critical interrogation of environment and politics As the first full length treatment of a political ecology of tourism the collection addresses this lacuna and calls for the further establishment of this emerging interdisciplinary subfield Drawing on recent trends in geography anthropology and environmental and tourism studies Political Ecology of Tourism Communities Power and the Environment employs a political ecology approach to the analysis of tourism through three interrelated themes Communities and Power Conservation and Control and Development and Conflict While geographically broad in scope with chapters that span Central and South America to Africa and South Southeast and East Asia to Europe and Greenland the collection illustrates how tourism related environmental challenges are shared across prodigious geographical distances while also attending to the nuanced ways they materialize in local contexts and therefore demand the historically situated place based and multi scalar approach of political ecology This collection advances our understanding of the role of political economic and environmental concerns in tourism practice It offers readers a political ecology framework from which to address tourism related issues and themes such as development identity politics environmental subjectivities environmental degradation land and resources conflict and indigenous ecologies Finally the collection is bookended by a pair of essays from two of the most distinguished scholars working in the subfield Rosaleen Duffy foreword and James Igoe afterword This collection will be valuable reading for scholars and practitioners alike who share a critical interest in the intersection of tourism politics and the environment The National Union Catalog, Pre-1956 Imprints Library of Congress, American Library Association. Committee on Resources of American Libraries. National Union Catalog Subcommittee, 1968 **Journal of the House of Representatives of the State of Indiana at Their ... Session** Indiana. General Assembly. House of Representatives, 2013 *Autocracy Rising* Javier Corrales, 2023-02-06 How Nicol s Maduro reinvented authoritarianism for the twenty first century Venezuela which once enjoyed periods of democratically elected governments in the latter half of the twentieth century has descended into autocratic rule coupled with economic collapse In his new book *Autocracy Rising* veteran scholar of Latin American politics Javier Corrales explores how and why this happened Corrales focuses on two themes party systems and institutional capacity He argues that Venezuela s democratic backsliding advanced when the ruling party obtained far too much electoral clout while the opposition fragmented The state then took control of formerly independent agencies of the state This allowed the ruling party to use and abuse of the law to favor the president which in turn generated a permanent economic crisis After succeeding Hugo Ch vez in 2013 Nicol s Maduro confronted unexpectedly another change in the party system a rising opposition This triggered deeper autocratization To survive the state was compelled to modernize autocratic practices and seek alliances with sinister partners In short Maduro concentrated power

paradoxically by sharing power Autocracy Rising compares what occurred in Venezuela to twenty other cases throughout Latin America where presidents were forced out of office Corrales illuminates the depressing cycle in which semi authoritarian regimes become increasingly autocratic in response to crisis only to cause new crises that lead to even greater authoritarianism

**Agribusiness Management** Freddie L. Barnard, John Foltz, Elizabeth A. Yeager, 2016-03-10 Today s food and agribusiness managers operate in a rapidly changing highly volatile international high technology consumer focused world Agribusiness Management helps prepare students and managers for a successful career in this new world of food and fiber production and marketing This text uses four specific approaches to help readers develop and enhance their capabilities as agribusiness managers First it offers a contemporary focus that reflects the issues that agribusiness managers face today and are likely to face tomorrow Second the book presents conceptual material in a pragmatic way with illustrations and examples that will help the reader understand how a specific concept works in practice Third the book has a decision making emphasis providing contemporary tools that readers will find useful when making decisions in the contemporary business environment Finally Agribusiness Management offers a pertinent set of discussion questions and case studies that will allow the reader to apply the material covered in real world situations This fifth edition of Agribusiness Management has been updated throughout and continues to provide students and adult learners with an essential understanding of what it takes to be a successful agribusiness manager in today s rapidly evolving highly unpredictable marketplace Chicago Tribune Index ,1999
