**Spanish/English Linguistics** Dee L. Eldredge, Liesder Mayea, 2016-01-08 This textbook is for three groups of people involved with Spanish first for the students enrolled in Spanish English linguistics courses second for college and university librarians and third for every Spanish language teacher professor We suggest that those who have courses of this type consider this book as a text for those classes For those that do not have them we recommend that you offer them and use this book We also believe that it would also be an ideal book for libraries in which people interested in the topic can go to find out information since there are no available texts as comprehensive as this one It is also a book that all Spanish teachers professors should have on their desks and shelves for reference purposes being that it contains a lot of information about linguistics and grammar **Teaching Spanish, My Way** Dee L.
