Indian Short Story: A Critical Evaluation Dipak Giri,2024-10-03 As a literary genre Indian short story next to poetry is the most popular and accepted form of literature for its variety and nuance of Indian experience Evolving over time it has gained wide currency among people Even after its recourse to traditional rules of the craft Indian short story amazingly presents itself an original and distinctive form of art Developed out of contemporary native literature and western storytelling technique Indian short story presents an amalgamation of two different literary traditions which has become unique and distinctive in course of time and long been catering to the taste of people Ever since its origin it has already witnessed a plethora of Indian writers who have made significant contributions to this genre by encapsulating the essence of Indian life and culture They are Rabindranath Tagore Munshi Premchand R K Narayan Mulk Raj Anand Ismat Chughtai Ruskin Bond Khushwant Singh Saadat Hasan Manto Ashapurna Devi Jhumpa Lahiri Anita Desai Kiran Desai Chitra Banerjee Divakaruni Anita Nair Qurratulain Hyder Namita Gokhale Madhulika Liddle just to name a few At present Indian short story has taken a wider form much more than earlier and almost every writer has started trying her or his hand at this field that it is too difficult for one to sum up the whole in one singular work Still this present book is an endeavour to compile the works of major Indian short story writers in a short but comprehensive way in order to supply the best possible materials to readers writers academics scholars and students who wish to do further studies in this field There are twenty six chapters in this book which together presents a rich tapestry of this genre Hopefully this book will march towards many unexplored realms exciting many curious minds restarting many fruitful dialogues and invigorating many fresh and new ideas among academics scholars and students alike

Consuming History Jerome de Groot, 2016-02-08 *Consuming History* examines how history works in contemporary popular culture. Analysing a wide range of cultural entities from computer games to daytime television, it investigates the ways in which society consumes history and how a reading of this consumption can help us understand popular culture and issues of representation. In this second edition, Jerome de Groot probes how museums have responded to the heritage debate and how new technologies from online game playing to internet genealogy have brought about a shift in access to history, discussing the often conflicted relationship between public and academic history and raising important questions about the theory and practice of history as a discipline. Fully revised throughout with up to date examples from sources such as *Wolf Hall*, *Game of Thrones* and *12 Years a Slave*, this edition also includes new sections on the historical novel, gaming, social media and genealogy. It considers new ground-breaking texts and media such as YouTube in addition to entities and practices such as re-enactment that have been underrepresented in historical discussion thus far. Engaging with a broad spectrum of source material and comparing the experiences of the UK, the USA, France and Germany as well as exploring more global trends, *Consuming History* offers an essential path through the debates for readers interested in history, cultural studies and the media.

Fleming, 2025-02-13 Many beloved classics of children's literature including *Alice's Adventures in Wonderland*, *Peter Pan* and *The Tale of Peter Rabbit* were written at the end of the nineteenth century, an era known as the Golden Age of children's literature. Notable figures like William Godwin, Harriet Martineau, Christina Rossetti and Charles Dickens contributed to children's literature, while juvenile periodicals first appeared to young readers during this time. This is the first comprehensive reference work about the Golden Age of children's literature and the emergence of juvenile literature as a major publishing phenomenon. Alphabetical entries include foundational figures like Sarah Trimmer, Maria Edgeworth and Mary Martha Sherwood who helped establish the market for children's literature. New genres for the time like the moral tale, religious fiction, children's poetry, school stories and prolific authors like Hesba Stretton, L. T. Meade and G. A. Henty are also included.

The Avicultural Magazine, 1931 Katherine Mansfield and the (Post)colonial Gerri Kimber, 2013-09-16 Explores Mansfield's identity as a post-colonial writer in relation to her foremost reputation as a European modernist. In seeking new possibilities for alignments with and resolutions to the contradictory agendas implied by the terms post-colonial

and modernist the essays in this volume address the clashing perspectives between Mansfield's life in Europe where her troubled self designation as the little colonial became a fertile source of her distinctive brand of literary modernism and her ongoing complex relationship with her New Zealand homeland The contributors investigate Mansfield's post colonial modernism in the context both of New Zealand settler colonial fiction and of her European literary inheritance Affinities with writers such as Edith Wharton and Robert Louis Stevenson reveal that home can be a diasporic place combining alienation with belonging The volume also registers initial responses to the widened scope for Mansfield scholarship launched by the first two volumes of the new Edinburgh Collected Works of Katherine Mansfield Includes Previously unpublished poetry and fiction Reports of current research findings on Katherine Mansfield An introduction by Janet Wilson Professor of English and Postcolonial Studies University of Northampton Reviews of recent publications on Mansfield and her contemporaries *The Politics of Soviet Agriculture, 1960-1970* Werner G.
