Angel Heart Udo Shinohara, 2012-07-23 Peace Pet Rental's Lag is a robotic dog. He can be pretty slow at times and can't perform tasks aside from those written in his program, but despite all this he's everyone's favorite dog. Soon however he is tackling people's problems in ways not included in his program, and it seems almost miraculous. Something mysterious has awakened within his heart even though he's supposed to be a machine with no emotions. What is Lag's true nature? For those lost in despair and sorrow and those with wounded hearts comes this healing tale of love, kindness, and sacrifice. *La Peste.*

European Cinema Thomas Elsaesser, 2025-10-01 In the face of renewed competition from Hollywood since the early 1980s and the challenges posed to Europe's national cinemas by the fall of the Wall in 1989, independent filmmaking in Europe has begun to reinvent itself. *European Cinema Face to Face with Hollywood* re-assesses the different debates and presents a broader framework for understanding the forces at work since the 1960s. These include the interface of world cinema and the rise of Asian cinemas, the importance of the international film festival circuit, the role of television as well as the changing aesthetics of auteur cinema. New audiences have different allegiances and new technologies enable networks to reshape identities, but European cinema still has an important function in setting critical and creative agendas even as its economic and institutional bases are in transition.
