Kid's Box American English Level 2 Teacher's Edition Melanie Williams, Caroline Nixon, Michael Tomlinson, 2010-12-02 Kid s Box is a six level course for young learners Bursting with bright ideas to inspire both teachers and students Kid s Box American English gives children a confident start to learning English It also fully covers the syllabus for the Cambridge Young Learners English YLE tests The Teacher s Edition contains comprehensive notes as well as extra activities and classroom ideas to inspire both teachers and students Level 2 completes the Starters cycle Animal Narratology Joela Jacobs, 2020-12-15 Animal Narratology interrogates what it means to narrate to speak speak for on behalf of and to voice or represent life beyond the human which is in itself as different as insects bears and dogs are from each other and yet more as individual as a single mouse horse or puma The varied contributions to this interdisciplinary Special Issue highlight assumptions about the human perception of attitude toward and responsibility for the animals that are read and written about thus demonstrating that just as the animal does not exist neither does the human In their zoopoetic focus the analyses are aware that animal narratology ultimately always contains an approximation of an animal perspective in human terms and terminology yet they make clear that what matters is how the animal is approximated and that there is an effort to approach and encounter the non human in the first place Many of the analyses come to the conclusion that literary animals give readers the opportunity to expand their own points of view both on themselves and others by adopting another s perspective to the degree that such an endeavor is possible Ultimately the contributions call for a recognition of the many spaces moments and modes in which human lives are entangled with those of animals one of which is located within the creative bounds of storytelling **Exam Literacy** Jake Hunton, 2018-08-13 In Exam Literacy A guide to doing what works and not what doesn t to better prepare students for exams Jake Hunton focuses on the latest cognitive research into revision techniques and delivers proven strategies which actually work Foreword by Professor John Dunlosky Read highlight reread repeat if such a revision cycle sounds all too wearily familiar you and your students need a better route to exam success And in light of the recent decision to make all subjects at GCSE linear so that students will be tested in one off sittings it will be even more important that students are well equipped to acquire and recall key content ahead of their exams In this wide ranging guide to effective exam preparation Jake Hunton casts a careful eye over a wide range of research into revision techniques and details the strategies which have been proven to deliver the best results With plenty of practical suggestions and subject specific examples Exam Literacy provides teachers with user friendly advice on how they can make the content they cover stick and shares up to date evidence based information on The nature of learning and the various types of memory How to improve students retention of knowledge and recall of content Why popular revision techniques such as rereading highlighting and summarising may not be as effective as you think How revision strategies that have been identified as being more effective such as interleaving elaborative interrogation self explanation and retrieval practice can be embedded into

day to day teaching How students can be encouraged to make use of these winning strategies when revising independently
