## Media Study Guide

### Related articles:

This media study guide focuses on the interrelationship between media and a controversial issue through the study of the documentary film "An Inconvenient Truth". It tackles global warming as an example of a controversial issue, that the media participated in creating the controversy. The guide helps students learn to critically analyze media, understand their biases, form their own opinions, engage in a debate about a controversial issue, and finally produce a media expressing their opinions and actions. The guide is designed for grades 11-12 in multiple subjects with several activities that teachers can choose the ones suitable for their learning outcomes and focus.

### Learning Outcomes:

By engaging in the activities in this study guide, students will be able to:

- ★ Critically analyze a media production using a holistic framework.
- ★ Understand and express their bias
- ★ Express a controversial issue
- ★ Participate in a debate around a controversial issue using the de-mythification strategy
- ★ Form an informed opinion about global warming
- ★ Decide on actions to become socially active
- ★ Have an understanding of media with social change agenda
- ★ Use digital technology to produce a media production of their choice

### Introductory Activity: Poster Analysis

At the beginning of the learning journey, students are asked to analyze the film poster using the following steps:

- ★ Draw a table with two columns headed **description** and **connotation**.
- ★ In the **description** column, describe the images and text (color and layout). For example: "inconvenient" there is no space in the title and word inconvenient is written in red. Another example, the chimney image forming a tornado.
- ★ In the **connotation** column write down the connotations of each element. Use this space to elaborate what each element meant to you.
- ★ Write down the overall meaning of the poster by completing this sentence: "See this film and ..."

An Inconvenient Truth Ashley E. Davis, 2025-01-23 Crime made Christ's death a necessity A simple choice in lies and deceit a lapse in moral character a choice to commit a simple criminal act against the Creator paved the way for the cross Jesus knew from before the beginning of creation that his death would atone for the lies deceitfulness and sinful choices of mankind He knew and he still made a way for us to him This book discusses the personal element of crime in relation to Christian religious principles that made the cross necessary while emphasizing the need for personal responsibility in light of criminological behavior *Vulnerability of Agriculture, Water and Fisheries to Climate Change* Mohamed Behnassi, Margaret Syomiti Muteng'e, Gopichandran Ramachandran, Kirit N. Shelat, 2014-07-15 Human activity is changing the global environment at an unprecedented rate while humanity faces a range of complex and interrelated challenges to local regional and global development human security and politics Food security ranks high on the science policy and development agendas However most research linking global change and food systems examines the impact of climate change on agricultural production or the impact of agriculture on land use pollution and biodiversity overlooking interactions with other aspects of the food system such as food processing packaging transportation and consumption and employment derived from these activities This book demonstrates that new threats to food security which arise from environmental change require more than simply a focus on agricultural practices what is needed is an integrated food system approach The authors point out that the process of adapting food systems to global environmental change is not simply a search for technological solutions to increase agricultural yields Tradeoffs across multiple scales among food system outcomes are a prevalent feature of globalized food systems Within food systems there are key underexplored areas that are both sensitive to environmental change and crucial to understanding its implications for food security and adaptation strategies The authors assert that technical prescriptions alone will not efficiently manage the food security challenge This book is their contribution to a new paradigm which addresses food systems holistically by engaging researchers in multiple disciplines to understand the causes and drivers of vulnerability An Inconvenient Truth, 2006 **Enhancing Learning Design for Innovative Teaching in Higher Education** Palahicky, Sophia, 2020-03-13 The higher education landscape is embracing the call to be innovative yet scholars have not clearly defined what it means to innovate Innovation is not limited to the use and adoption of educational technologies and it encompasses a broad array of elements that must be considered if we are to truly aspire toward innovative teaching in higher education *Enhancing Learning Design for Innovative Teaching in Higher Education* is a critical scholarly publication that examines how instructional systems design instructional design educational technologies curriculum design and program design impact innovation and innovative teaching in higher education The book offers definitions of innovative teaching and examines critical intersections to achieve innovation and innovative teaching in post secondary environments Highlighting a wide range of topics such as program mapping and learning design this book is
