Note: Center the following information in the middle of the page: title, your name, school name, course title and section, the instructor's name, and the date. **APA only requires the title, author's name, and institutional affiliation**, but most CSP instructors ask for the date and course information too—check with the instructor or syllabus. Do not use contractions in formal papers—either in the title or the body of the paper ("do not" rather than "don't"). Titles should include no more than 12 words. Titles use upper and lowercase letters.
