

FOURTH GRADE SPRING BREAK PACKETS READING & MATH BUNDLE!

The Coolest Jobs in the World

1. When you were thinking of getting a job what do you know, or almost always know? Almost like reading. There are people who have jobs that are just like being an astronomer every single day!
2. First, imagine being a Weather Channel Engineer. Yes, there are people who design and build weather instruments. They use science and math to make sure the weather is safe and proper. It's, every single, time, and always accurately predicted to bring about the everyone's safety during the ride.
3. Or how about being a Professional Ice Cream Taster? No, I'm not kidding you. No, there are ice cream tasters. They taste a flavor, a blend, a mix of flavor and smell, and they help invent delicious new flavors. What you might find in your ice cream shop?
4. There's also the job of an Underwater Photographer. Under photographers dive into the ocean to take pictures of fish, coral, and other sea creatures. Their pictures help us learn about protecting life under the sea, and they sometimes discover new creatures.
5. Another cool job is a LEGO Master Builder. They build things out of LEGO and play with them. They build really cool things, and everything from the small animals to the famous buildings, all out of LEGO.
6. And don't forget about the job of a Video Game Tester. People play games to help make them better. They have to really pay attention to making sure details and fixing any problems before the game is ready to release.
7. There are just a few of the coolest jobs in the world. There are so many more like this for almost everything there is. Please help me find more! Maybe we can play a game or find just like one of these!

Swaim,Stephen C. Swaim,1999 Based on the author's experiences as parents teacher economist and school board member this book is for teachers parents and administrators about the most fundamental basic element in any good school the time of a good teacher Teacher Time's message is simple American students need more of each teacher's time Teachers need more time to spend on each student time to plan grade papers and make decisions about resources America must adopt and pay for the model used for public schools in the rest of the developed world where teachers teach many less class hours In Teacher Time classroom stories reveal the nature of the American School the teacher's job how little time a teacher has for each child and how school management affects the quality of the teacher's time with students A homework section helps readers take the book into their school and school district to take steps toward providing more quality teacher time for each child in America The book's cogent argument and evidence for the centrality of teachers and the time they must have should give readers pause as they listen to the current debate over high stakes testing social promotion and accountability Larry Cuban Stanford University The Arithmetic Teacher ,1990 Scholastic ,1974
