

## Application Support Document

**"TYPE YOUR ORGANISATION AND PROJECT TITLE HERE"**

This is a support document to help you complete the Premier League and the FA Facilities Fund Grant Application. It tells us about the non-technical aspects of your project, your organisation and how football will be delivered if a grant is offered. You should share this with those involved in the planning of your project, so that ideas and information may be more easily gathered. Information compiled within this document may be copied directly into the Project Overview and Management and Delivery sections of your **GRANTSHOT** portal application.

If you need technical guidance in relation to pitches, or help with preparing your income & expenditure profile, maintenance, pricing structure, FOP or policies see have developed a library of information for you here: <http://www.footballfoundation.org.uk/funding/schemes/premier-league-the-fa-facilities-fund/application/>

You should also seek guidance from your local County FA whilst preparing the application.

Please delete the guidance notes in blue when you have completed each section.

### SECTION 1: THE PROJECT OVERVIEW FORM

#### INTRODUCTION AND OVERVIEW

Give an overview of the project with key information about the proposal. As a minimum it should include brief details about:

- The geographical area where the investment will be made
- What football (and other sports) are currently played at the whole site
- What the investment is for
- The value of grant and total project costs including total of other funding

#### BACKGROUND AND TENURE

- Give a history of your organisation, how long the site has been used and how football has developed
  - What pitches, pavilion, changing and social facilities does the site currently have available, and what are the problems with their current condition or accessibility?
  - Who owns the land where the project will be developed? Do you have a lease or the freehold? If it is a lease, how long is remaining? There must be a minimum remaining term of 21 years.
  - Have you already sought planning permission? If not this could delay the build phase and completion.
- NOT:** Where a facilities grant is given for a sum of £100,000 or over, the Foundation will need in most cases to take a first charge (mortgage) over the premises on which the facilities are located. If you are a public authority, local authority or parish council, and are unable to charge your premises to us, we will place a restriction on the title to the premises at the Land Registry.

### **Application Support Document Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Application Support Document has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Application Support Document has opened up a world of possibilities. Downloading Application Support Document provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate

access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Application Support Document has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Application Support Document. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Application Support Document. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Application Support Document, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Application Support Document has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
