as *The House of Spirits* and *Daughter of Fortune* while providing biographical information about the Latin American author

**World Marxist Review**, 1980      **Democracy in the Americas** Robert A. Pastor, 1989      **Social Origins of the Rastafari Movement** Barry Chevannes, 1978      *The Wisconsin Latinamericanist*, 1983      *Blurred Visions* Rory Joseph Conces, 1997

*Blurred Visions* fills an important gap in the literature on applied philosophy. It explores the relationship between ideological disputes and evidence and attempts to establish the ways in which the intractability of some ideological disputes is a function of the disputants adopting the notion of brute evidence and the extent to which a change of epistemological venue might affect the resolution and prevention of ideological disputes. It declares that scientific theory and ideology are conceptual frameworks that allow us to make sense of the world that we live in and contends that recognizing the ideology ladenness of facts and observations will facilitate the resolution of these disputes by depolarizing their argumentation thereby making it less likely that they will incite acts of armed aggression.

Unlike a conventional war waged against a standing army a dirty war is waged against individuals groups or ideas considered subversive. Originally associated with Argentina's military regime from 1976 1983 the term has since been applied to neighboring dictatorships during the period. Indeed it has become a byword for state sponsored repression anywhere in the world. The first edition of this reference illustrated the concept by describing the regimes of Argentina Chile 1973 1990 and Uruguay 1973 1985 which tortured murdered and disappeared thousands of people in the name of anticommunism while thousands more were driven into exile. The second edition expands the scope to include Bolivia 1971 1982 Brazil 1964 1985 and Paraguay 1954 1989. Includes a chronology an introductory essay a bibliography and over 400 cross referenced dictionary entries on the countries guerrilla and political movements prominent guerrilla human rights military and political figures local regional and international human rights organizations and artistic figures filmmakers novelists and playwrights whose works attempt to represent or resist the period of repression.

Publisher      **Chile** Ariel Dorfman, 2006

September 11 is a date etched into the history of a century. It is also the anniversary of an event from the previous century General Pinochet's coup in 1973 against the democratically elected government of President Salvador Allende. The terror of this US backed coup lasted 17 years. Following September 11 2001 when American hands held up photos of missing loved ones Chilean author Ariel Dorfman commented I have been through this before. During the last 28 years September 11 has been a date of mourning for that day when death irrevocably entered our lives.
