Power, 2018-02-12 Excerpt from Alpha Kappa Psi Handbook A Manual for Nu Chapter It is true that at various times many articles dealing with specific phases of secret society organization and the Fraternity in general have appeared in the publication The Diary of Alpha Kappa Psi Yet these newer chapters and the still newer men know nothing of the immediate past relating to their brotherhood Even the Boston University chapter does not possess a complete file of the General Fraternity Magazine and even if it did it would be practically impossible for each member to read the particular matter which he should know The will of the chapter has been to publish a manual for the use of Nu Chapter Undoubtedly it will be of

benefit to the other chapters also The pamphlet is to be issued to the members of the chapter in Boston University to the Officers of the General Fraternity and other chapters to college and university libraries and the larger state and public libraries The material in these pages is not of a secret nature It aims only to give you whether or not you are a member of Alpha Kappa Psi an encyclopedic idea of business education and a short historical sketch of the Oldest and largest commercial fraternity in the United States alpha kappa psi The material contained in this brief work is not entirely original Some material regarding fraternities in general has been taken from the Manual of American College Fraternities by the late William Raimond Baird permission being given by James T Brown Beta Theta Pi A large amount of data and articles have been taken from back numbers of The Diary of Alpha Kappa Psi Special mention should be made of the fact that articles by Dean Joseph French Johnson of New York University Dr D Shaw Duncan University Dr Walter E Lagerquist Northwestern University and A K Hallett New York University 1917 have been reproduced in part in this handbook These have been blended together in a logical arrangement to form a handbook of information for commercial fraternity students It has not been found advisable to give credit for each statement so the authorities in general are stated About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
