**Lemon-Aid New Cars and Trucks 2012** Phil Edmonston, 2011-12-03 Lemon Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car and truck books on the market. Phil

Edmonston Canada's automotive Dr Phil pulls no punches. He says there's never been a better time to buy a new car or truck thanks to a stronger Canadian dollar and an auto industry offering reduced prices more cash rebates low financing rates bargain leases and free auto maintenance programs. In this all new guide he says Audis are beautiful to behold but hell to own biodegradable transmissions rodent snack wiring and mind boggling depreciation. Many 2011 12 automobiles have chin to chest head restraints blinding dash reflections and dash gauges that can't be seen in sunlight not to mention painful wind tunnel roar if the rear windows are opened while underway. Ethanol and hybrid fuel saving claims have more in common with Harry Potter than the Society of Automotive Engineers. GM's 2012 Volt electric car is a mixture of hype and hypocrisy from the car company that killed its own electric car more than a decade ago. You can save 2 000 by cutting freight fees and administrative charges. Diesel annual urea fill up scams can cost you 300 including an 80 handling charge for 25 worth of urea. **Literary Translation in Modern Iran** Esmaeil Haddadian-Moghaddam, 2014-12-15 Literary Translation in Modern Iran A sociological study is the first

comprehensive study of literary translation in modern Iran covering the period from the late 19th century up to the present day. By drawing on Pierre Bourdieu's sociology of culture this work investigates the people behind the selection, translation and production of novels from English into Persian. The choice of novels such as Morier's *The Adventures of Hajji Baba of Ispahan*, Austen's *Pride and Prejudice* and Vargas Llosa's *The War of the End of the World* provides insights into who decides upon titles for translation, motivations of translators and publishers and the context in which such decisions are made. The author suggests that literary translation in Iran is not a straightforward activity. As part of the field of cultural production, literary translation has remained a lively game not only to examine and observe but also often a challenging one to play. By adopting hide and seek strategies and with attention to the dynamic of the field of publishing, Iranian translators and publishers have continued to play the game against all odds. The book is not only a contribution to the growing scholarship informed by sociological approaches to translation but an essential reading for scholars and students of Translation Studies, Iranian Studies and Middle Eastern Studies.

**The Economist**, 1989     *Kurds and Yezidis in the Middle East* Günes Murat Tezcür, 2021-01-28

The diversity of Kurdish communities across the Middle East is now recognized as central to understanding both the challenges and opportunities for their representation and politics. Yet little scholarship has focused on the complexities within these different groups and the range of their experiences. This book diversifies the literature on Kurdish Studies by offering close analyses of subjects which have not been adequately researched and in particular by highlighting the Kurds' relationship to the Yazidis. Case studies include the political ideas of Ehmede Xani, the father of Kurdish nationalism; Kurdish refugees in camps in Iraq; the perception of the Kurds by Armenians in the late Ottoman Empire and the Turks in modern Western Turkey; and the important connections and shared heritage of the Kurds and the Yazidis, especially in the aftermath of the 2014 ISIS attacks. The book comprises the leading voices in Kurdish Studies and combines in-depth empirical work with theoretical and conceptual discussions to take the debates in the field in new directions. The study is divided into three thematic sections to capture new insights into the heterogeneous aspects of Kurdish history and identity. In doing so, contributors explain why we need to pay close attention to the shifting identities and the diversity of the Kurds and what implications this has for Middle East Studies and Minority Studies more generally.
