Kimmel, Barbara Trenholm, 2004-03-09 The Navigator is a learning system designed to guide students through each chapter and consists of a series of checklists tied to the chapter's study aids, text features, and study skills. A Learning Styles Model is introduced in the preface and incorporated throughout the book to enable students with different learning approaches to better understand the material. Feature Stories are brief stories of real Canadian companies that relate the chapter information to the real world and are discussed further throughout the chapter. Chapter Previews at the beginning of each chapter feature a paragraph linking the opening vignette to chapter material. A visual outline of the topics and subtopics of the chapter is also presented to provide students with a chapter roadmap. The text has been thoroughly reviewed by an instructor of English as a Second Language in manuscript stage to ensure that Accounting Principles provides an unprecedented level of clarity and readability to all readers. Accounting Equation Analyses appear in the margins next to key journal entries. They help your students understand the impact of accounting transactions and cash flow on the financial statements.
