**The Gorbachev Bibliography, 1985-1991** Joseph L. Wieczynski, 1996      **Readers' Guide to Periodical Literature**  
Anna Lorraine Guthrie, Bertha Tannehill, Neltje Marie Tannehill Shimer, 1989 An author subject index to selected general interest periodicals of reference value in libraries      The Soviet Union and Eastern Europe Renée De Nevers, 1990 Examines Soviet East European relations since Gorbachev came to power in 1985 with special emphasis on those states which still belong to the Warsaw Pact Also examines possible directions that Soviet East European relations may take in the future Annotation copyright Book News Inc Portland Or      **False Dawn** Lee Penn, 2004 The interfaith movement which began with the 1893 World s Parliament of Religions in Chicago has grown worldwide Although this movement has been largely unknown to the public it now provides a spiritual face for globalization the economic and political forces leading us all from nationalism to One World The most ambitious organization in today s interfaith movement is the United Religions Initiative URI founded by William Swing the Episcopal Bishop of California Investigative reporter Lee Penn a Catholic ex Marxist exhaustively documents the history and beliefs of the URI and its New Age and globalist allies the vested interests that support these movements and the direction they appear to be taking The interfaith movement is no longer merely the province of a coterie of little heeded religious idealists with grandiose visions The URI s proponents have ranged from billionaire George Soros to President George W Bush from the far right Rev Sun Myung Moon to the liberal Catholic theologian Hans K ng and from the Dalai Lama to the leaders of government approved Protestant churches in the People s Republic of China The interfaith movement including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth based global spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In *The Reign of Quantity and the Signs of the Times* French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non s time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left *False Dawn* painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all

of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion.org *The Break-up of the Soviet Union*, 2006 **Parameters**, 1990 *Bulletin of the Public Affairs Information Service* Public Affairs Information Service, 1989 **PAIS Bulletin**, 1990 **The Cover Story Index, 1960-1989** Robert Skapura, 1990 An index to the cover stories of Newsweek Time and U S and World Report from 1960 until 1989 **Globalizing Human Rights** Christian Peterson, 2012-03-12 Globalizing Human Rights explores the complexities of the role human rights played in U S Soviet relations during the 1970s and 1980s It will show how private citizens exploited the larger effects of contemporary globalization and the language of the Final Act to enlist the U S government in a global campaign against Soviet Eastern European human rights violations A careful examination of this development shows the limitations of existing literature on the Reagan and Carter administrations efforts to promote internal reform in USSR It also reveals how the Carter administration and private citizens not Western European governments played the most important role in making the issue of human rights a fundamental aspect of Cold War competition Even more important it illustrates how each administration made the support of non governmental human rights activities an integral element of its overall approach to weakening the international appeal of the USSR In addition to looking at the behavior of the U S government this work also highlights the limitations of arguments that focus on the inherent weakness of Soviet dissent during the early to mid 1980s In the case of the USSR it devotes considerable attention to why Soviet leaders failed to revive the international reputation of their multinational empire in face of consistent human rights critiques It also documents the crucial role that private citizens played in shaping Mikhail Gorbachev s efforts to reform Soviet style socialism Daily Report, 1990 *Writer's Choice* GLENCOE, Jacqueline Jones Royster, 1996 An elementary level language arts textbook which develops good writing skills through exercises in reading writing and grammar **Afghanistan, the Making of U.S. Policy, 1973-1990**, 1991 **America, History and Life**, 1997 Article abstracts and citations of reviews and dissertations covering the United States and Canada Soviet Political Economy in Transition Abu F. Dowlah, 1992-03-23 Situating Gorbachev and perestroika historically and ideologically this book provides a comprehensive analysis of Soviet political economy in the context of socialist theory and practice Challenging the belief that socialism is sternly committed to centralized economic and political structures Dowlah claims that socialism contains several theories some more centralized others less centralized The work examines Gorbachev s claim that perestroika embodies more socialism not less and evaluates perestroika as a strategy of transition to a new form of socialism Based on thorough inquiry textual evidence and historical fact the study concludes that Gorbachev s claims are substantially legitimate
