**Teacher Resource for Workbook 5** John Mighton, 2010-10-01. Jump Math was founded in the belief that all children even those who have traditionally struggled at school can learn mathematics. The JUMP Math student assessment practice books are meant to be used in conjunction with the extensive teacher resources to enable students to practice and explore subtle variations on the lessons and to enable teachers to rapidly assess progress. For each lesson there is a clear and highly effective lesson plan which enables teachers to accomplish the seemingly impossible task of teaching to the whole class while tailoring to individual needs. Each lesson is carefully designed to generate deep subtle transferable mastery of key concepts. Lesson plans include ideas for contextualizing the math questions and tasks that allow students to discover mathematical concepts, games, activities and innovative extension questions that keep fast students engaged and learning while teachers help others to master the key objectives.
