all the cultural and religious thoughts, or women's issues for  
the education to progress and shall put importance that will assist  
further women in almost every country in results. As the first  
issue was affected because of historical reasons, I feel it is  
important, understanding historical women's issues and to work  
all issues, that are in the future, I feel it is important  
understanding the issues that progressed at all historical  
dates before women's a moral issue exists. This is one  
issue. Today the world should focus these issues.  
Women should not be treated as slaves, not as women, but  
as human beings, with rights and freedom.
