

CHAPTER 30

The War to End War, 1917–1918

CHAPTER THEMES

Theme: Entering World War I in response to Germany's unrestricted submarine warfare, Wilson turned America's participation into a fervent ideological crusade for democracy that successfully stirred the public to a great voluntary war effort, but at some cost to traditional civil liberties.

Theme: After America's limited but important contribution to the Allied victory, a triumphant Wilson attempted to construct a peace based on his idealistic Fourteen Points. But European and senatorial opposition, and especially his own political errors, doomed American ratification of the Versailles Treaty and participation in the League of Nations.

CHAPTER SUMMARY

Germany's declaration of unlimited submarine warfare, supplemented by the Zimmerman note proposing an alliance with Mexico, finally caused the United States to declare war. Wilson aroused the country to patriotic heights by making the war an idealistic crusade for democracy and permanent peace based on his Fourteen Points.

Wartime propaganda stirred voluntary commitment to the war effort, but at the cost of suppressing dissent. Voluntary efforts also worked wonders in organizing industry, producing food, and financing the war. Labor, including women, made substantial wartime gains. The beginnings of black migration to northern cities led to racial tensions and riots.

America's soldiers took nearly a year to arrive in Europe, and they fought in only two major battles at the end of the war. America's main contribution to the Allied victory was to provide supplies, personnel, and improved morale. Wilson's immense prestige created high expectations for an idealistic peace, but his own political blunders and the stubborn opposition of European statesmen forced him to compromise his lofty aims.

As Lodge stalled the treaty, Wilson tried to rouse the country on behalf of his cherished League, but his own physical collapse and refusal to compromise killed the treaty and the League. Republican isolationists effectively turned Harding's victory in 1920 into a death sentence for the League.
