Aqa 2015 Isa:

The Changing Landscape of International Schooling Tristan Bunnell, 2014-06-27 The number of English medium international schools that deliver their curriculum wholly or partly in the English language reportedly reached 6 000 in January 2012 It is anticipated this number will rise to over 11 000 schools by 2022 employing over 500 000 English speaking teachers The number of children being taught in these schools reportedly reached 3 million in March 2012 Alongside this phenomenal growth the landscape of international schooling has changed fundamentally moving away from largely serving the children of the expat and globally mobile business community and Embassies towards serving the local children of the wealthy and emerging middle class This has been reflected in the shift away from non profit ownership by the school community towards ownership by for profit companies and proprietors In this book Tristan Bunnell explores the changing landscape of international schooling and discusses the implications of these changes both in terms of theoretically conceptualizing the scale nature and purpose of the field and in terms of practically serving and administering the growing industry that international education is becoming The Changing Landscape of International Schooling will be worthwhile reading for researchers academics and students of international schooling leaders and teachers in international schools and those interested in the broader development of international education

Postrevolutionary Iran Mehrzad Boroujerdi, Kourosh Rahimkhani, 2018-06-05 The 1979 revolution fundamentally altered Iran's political landscape as a generation of inexperienced clerics who did not hail from the ranks of the upper class and were not tainted by association with the old regime came to power The actions and intentions of these truculent new leaders and their lay allies caused major international concern Meanwhile Iran's domestic and foreign policy and its nuclear program have loomed large in daily news coverage Despite global consternation however our knowledge about Iran's political elite remains skeletal Nearly four decades after the clergy became the state elite par excellence there has been no empirical study of the recruitment composition and circulation of the Iranian ruling members after 1979 Postrevolutionary Iran A Political Handbook provides the most comprehensive collection of data on political life in postrevolutionary Iran including coverage of 36 national elections more than 400 legal and outlawed political organizations and family ties among the elite It provides biographical sketches of more than 2 300 political personalities ranging from cabinet ministers and parliament deputies to clerical judicial and military leaders much of this information previously unavailable in English Providing a cartography of the complex structure of power in postrevolutionary Iran this volume offers a window not only into the immediate years before and after the Iranian Revolution but also into what has happened during the last four turbulent decades This volume and the data it contains will be invaluable to policymakers researchers and scholars of the Middle East alike

Wahhabism and the Rise of the New Salafists Namira Nahouza, 2018-06-14 Wahhabism is often described as one of the most conservative branches of Islam and its fundamentalist approach seen as fuelling jihadist extremism But what is the theological basis of Wahhabism How do Wahhabi beliefs and doctrine differ from branches of Sunni Islam While previous scholarship has examined Wahhabism as a political phenomenon this book turns attention to the complex religious issues that are central to its understanding Tracing its roots in the 18th century up until the present day Namira Nahouza shows why the Wahhabi movement has opposed traditional Islamic scholarship on the interpretation of the Qur'an and hadith Of key importance Nahouza shows are the differing beliefs about the oneness of God and God's names and attributes issues on which both Wahhabi and other Salafi groups are united Based on extensive research into classical and contemporary Arabic religious sources Nahouza presents the contours of Sunni theological debate and reveals how the Wahhabi movement became the predecessor to the Salafism we see today In highlighting the far reaching consequences of these theological divisions both

for Muslim communities and the world at large the book fills a significant gap in existing research and is essential reading for scholars researching Islamic Theology Islamic History Security Studies and Islamic Radicalism **The Times Index** ,2011 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement **L'Empire des roses** Gwenaëlle Fellingier,2018 Une rétrospective consacrée à l'art fastueux de la dynastie des Qajar ces souverains qui régnèrent sur l'Iran entre 1786 et 1925 Elle rassemble plus de 400 œuvres peintures dessins bijoux tapis costumes photographies ou encore armes d'apparat issues de collections privées et de grandes institutions dans une scénographie imaginée par Christian Lacroix Electre 2018
