Industry Robert H. Peters,Louis Schaffer,1986 The objective of the project descibed in this report was to design and field
test a model health and safety program at a coal mining company and a gold mining company The model program was
implemented primarily by providing training on loss control accident investigation and the operation of mobile equipment
and by providing technical assistance to help solve health and safety problems Data were obtained from company records on
occupational injuries illnesses accidents and near misses and through direct observation of employees performing a large
number of randomly selected jobs At the coal mine employees were observed five times over a 15 month period At the gold
mine employees were observed six times over a 16 month period During the study the percentage of sampled jobs containing
one or more safety deficiencies decreased from 74 3 pct to 36 6 pct at the coal mine and from 86 4 pct to 19 1 pct at the gold
mine Work on this project was performed by Woodward Associates Inc under a Bureau of Mines contract **The New APPI**
