

# Incoming 7<sup>th</sup> Grade Summer Math Packet

---

## Students Entering 7th Grade

Students who just completed 6<sup>th</sup> grade are being assigned to math placed for over the summer to make sure they are prepared for 7<sup>th</sup> grade. This is not a placement test, but a placement assignment to provide an opportunity for students to review what they learned in 6<sup>th</sup> grade and to prepare for 7<sup>th</sup> grade. Each year students return from the previous year's work in math. These particular assignments will focus on the skills learned in 6<sup>th</sup> grade, and will be reviewed for 7<sup>th</sup> grade. These skills are part of the standards for 7<sup>th</sup> grade, and students will be assessed on these skills in 7<sup>th</sup> grade. It is expected that other students to complete work on these skills in 6<sup>th</sup> grade, and will bring these skills to 7<sup>th</sup> grade.

Students should read the following sections: **Whole Numbers** (each page) to review the basic concepts of whole numbers and operations. Khan Academy has an extensive **whole numbers** for **Whole Numbers** and **operations**, starting with **practicing** problems.

Please begin work in the assigned class now. When you are finished, please follow the steps back to [Index](#).

Students will receive data to print for the first week of school. It has several skills to review and practice for 7<sup>th</sup> grade. Good luck because Khan Academy [practices](#) and has [resources](#) for most topics. **Whole Numbers**, **Operations**, **Algebraic Expressions**, **Geometry**, **Statistics**, **Probability**, **Practical Problems**.

This 6<sup>th</sup> Grade Summer packet must be returned to the teacher of 7<sup>th</sup> grade the first day of school. It will count as a project grade for Math 7 Period 1, and we will review the material during the first few weeks of school.

Should you need additional help or resources, please feel free to contact [Mr. C](#). I will be available during the summer.
