The laboratory portion of a chemistry class can be a concern for teachers with limited lab facilities This manual and the  
chemistry lab kit designed to accompany it are an effort to solve this problem The kit is intended for the laboratory portion of  
the course and is based on the microscale method This gives students a lab experience as good as or better than the  
traditional methods but uses about 1 100th of the chemicals The experiments are much safer and disposal much easier
