Curriculum Evelyn J. Sowell,2005 For undergraduate and graduate courses in Curriculum Development and or Curriculum Planning Defining curriculum broadly as what is taught in schools this practical text arranges content around two major themes 1 curriculum processes involve decision making by people who are guided by their beliefs and values about what students should learn and 2 curricular change occurs only after individuals have made internal transitions Unlike its competition this text painstakingly bridges curriculum theory to practice exploring ways to develop curriculum implement a curriculum plan and assess a school s curriculum by applying chapter content to sample curriculum projects Through accessible jargon free language and student friendly pedagogy the author shows both how practice informs theory and how use of theory helps educators engage in curriculum tasks appropriately
