Rope Rescue Technician Manual 6th Edition James A. Frank, 2021-04-01 The CMC Rope Rescue Technician Manual is the standard text for many fire departments rescue teams and training programs across the country. The sixth edition reflects the latest advances in technology, equipment, and procedures available to rescue professionals. Its concise style clearly sequences and describes the elements of rope rescue in a way that is both detailed and easy to understand. Well-drawn diagrams depict each recommended stage of rope rescue operations. The result is a very useful tool for rescue professionals at every skill level. CMC has been an innovator in the emergency services industry for over 40 years. Today, CMC is a globally recognized employee-owned company that proudly manufactures many products in our ISO-certified Santa Barbara facility and provides specialized education and training for rescue and rope access professionals.
