Frederick Charles WOODHOUSE

Advent 421b User Guide:

The Legend of the Middle Ages Rémi Brague, 2020-09-14 This volume presents a penetrating interview and sixteen essays that explore key intersections of medieval religion and philosophy With characteristic erudition and insight R miBrague focuses less on individual Christian Jewish and Muslim thinkers than on their relationships with one another Their disparate philosophical worlds Brague shows were grounded in different models of revelation that engendered divergent interpretations of the ancient Greek sources they held in common So despite striking similarities in their solutions for the philosophical problems they all faced intellectuals in each theological tradition often viewed the others ideas with skepticism if not disdain Brague s portrayal of this misunderstood age brings to life not only its philosophical and theological nuances but also lessons for our own time
